

PLEASE REVIEW – IMPORTANT INFORMATION REGARDING YOUR INVESTMENT ADVISORY ACCOUNT

Dear Valued Client:

In keeping with our mission and commitment to providing clients with an exceptional partnership, Investment Advisors Corp. (IAC) recently made the decision to enter into a strategic relationship with Cambridge Investment Research Advisors, Inc. (Cambridge). Cambridge has long been dedicated to freedom of choice and intelligent flexibility regarding the comprehensive financial solutions it delivers to advisors and their clients.

The strategic relationship will be facilitated with an acquisition of IACs current investment advisory accounts by Cambridge. In connection with this change, your advisory contracts with IAC will terminate on or after the October 20, 2018 date. If you would like to continue to receive such services from your financial advisor, after October 20, 2018, you will need to enter into an advisory contract with Cambridge. Your financial advisor will provide the necessary paperwork.

In connection with this new relationship, the IAC family of advisors will remain together as an office with Cambridge, an industry leading independent broker-dealer and RIA. Cambridge has been an independently owned firm for 37 years, and it has a published plan in place to preserve private ownership and control for decades to come. Cambridge is based in Iowa and has long demonstrated Midwestern values – very much like IAC. Cambridge is truly independent and directly owned by its management and advisors, and indirectly owned by all associates through the Cambridge ESOP. In addition to the structure and management team in place to ensure private control, the firm also has long standing financial stability and profitable growth which will enable quality services and solutions for years to come.
